

Gunner's Dog House

Jolly Critters™

The Jolly Critter™ chewy squirrel is our solution for your chewy pup. Made of all-natural, non-toxic rubber, this critter is made extra-tough to withstand the most ferocious bite, but specially compounded to be gentle on teeth and gums. Our Jolly Critter™ is made to outlast the competition... try one and see.

New to the Jolly Critters™ line, the Hedge Hog is a welcomed addition. Along with being a great snack hider, the Hedge Hog is designed with the health of your pets mouth and brain in mind. While exercising their jaws during chewing, the Hedge Hog also cleans gums and teeth with it's spiny back design. Roving and treat retrieval from inside the toy encourages problem solving, bound to make your smart pooch even smarter.
